

**HEAVY LAWSUITS IN TEXAS.**—We learn from the Galveston, Civilian that there are now pending before the U. S. Court for the district of Texas, the following suits for lands claimed under grants made prior to the Texas Declaration of Independence: Whitney vs. Ham; suit brought for eleven leagues, but deeds filed for sixty-six; all of which depend upon the result of this suit. Cameron, against more than one hundred defendants, settlers, for four eleven league grants, or forty-four leagues. Garcia vs. Giddings, for eleven leagues, on Guadalupe, worth \$50,000. There is now under advisement, in the Supreme Court of the State, the case of Jones and others vs. the German Association, involving eleven leagues; the Mission case, embracing ten leagues held under an old Spanish title; the Perry claim, for four leagues, but surveyed for sixteen, on the Medina; and the great case, Smith vs. Power, involving fifty-six leagues, extending up the coast one hundred miles from Point Isabel. Here (says the Civilian) are upwards of two hundred leagues of land, all claimed under conditional grants, now in suit, and depending upon the decision of the courts. Some of the lands claimed embrace populous and extensive settlements, and have undergone extensive improvements from the occupants who are now sought to be dispossessed. Many similar suits have also been brought in the Circuit Courts of different counties. The only defence of the settlers against these heavy claims, in most cases, is that the grants are void because the conditions attached to them have never been complied with.

**AFFAIRS IN TEXAS.**—An Indian war of formidable character, is brewing in Texas. They are committing depredations, and murdering citizens, all along the frontier. A letter to Gov. Woom from Gonzales says: You are respectfully informed that there is a body of hostile Indians down upon us, who have killed one of our citizens, to wit: our Chief Justice, G. W. Barnett; and have killed four citizens of De Witt county, to wit: John York and his sons or sons-in-law, and wounded several others. York, at the head of seventy-five men, was whipped by one hundred and fifty Indians, on or near the Colette, in De Witt county. Two Indians were seen this evening within two and a half or three miles of our county seat, supposed to be spies. Thirty-seven men left here day before yesterday to go to Barnett's, not having learned of York's fight, but went in pursuit of the Indians who killed Barnett, on the Sandys, in this county. We know not precisely how great a body of Indians are west of the Guadalupe, but from circumstances we are of the belief that in addition to the above mentioned number, there is still a much larger body. We have sent couriers to Lugo, Lavaca, Seguin and Austin, to give the information and place the citizens on the look out, and thus perhaps, spare the lives of some who might venture unarmed on the frontiers. We ask that through you the War Department may be made acquainted with the exposed situation of the Texas frontier, and provide additional ranging companies along about the settlements. The civilian of the 20th says that Capt. Halpin, formerly of Texas, who arrived there by the Star, from the Brazos, and came through from Zacatecas to Brazos Santiago by land, reports that, a few days ago, a band of robbers, organized on the Rio Grande for the purpose as was supposed, of intercepting the merchants returning from the fair at Solillo, was discovered by the citizens of Starr county, Texas, and their leader shot, while resisting the attempt of the authorities to arrest him. Several others had been captured and were awaiting their trial at the county seat—Clay Davis. Two had turned State's evidence. Some of the robbers are represented to be vicious characters, who were formerly known about Houston.

**REMARKS.**—Business continues brisk from store, though very few transactions in produce, and then confined principally to dried and green apples, for which there is a limited demand; the former commands from 65 to 70c. per bu. and the latter from 67 1/2 to \$1 per bu. Freight is getting scarce, in consequence of which, shipments are being made at lower figures than our last quotations. The river is gently receding at this point. Weather cool.

### Obituary.

Departed this life at his residence in Howard county, on the morning of the 29th October, Mr. WILLIAM GREEN. He was born in Rowan county, in the State of North Carolina, on the 29th of November, 1784, and was in his 64th year. His father, (Martin Green), moved from North Carolina to Madison county, Kentucky, in the early settlement of that State. The subject of this notice removed from Kentucky to this county, in the fall of 1819, where he resided until his death. In his death, society has lost a worthy citizen, his afflicted companion, a kind and affectionate husband, and his numerous family of children, a kind and indulgent Parent. His disease was said to be Typhoid fever, which he bore with great patience for five weeks, retaining his mind until his spirit took its flight to that bourne from whence no traveler returns.

### Dr. Wistar's Balsam of Wild Cherry.

The Great Remedy for Coughs, Colds, Asthma, and all Diseases of the Lungs.

OLD VIRGINIA AGAIN.

Albemarle Co. Va., March 21st, 1847.

Mr. Seth W. Fowler—Dear Sir—I take pleasure in stating to you my experience in the use of Wistar's Balsam of Wild Cherry. I own a very valuable negro girl, who was attacked with a difficulty of the lungs, which brought her in appearance to the brink of the grave. I consulted some of our best Physicians, who pronounced her case incurable, or that they could do no more for her. I tried many remedies but none did her any good. I saw some account of Wistar's Balsam, and thought I would try it, but had little faith in it. I procured a bottle, which was administered according to directions, and saw she began to mend; and before the first bottle was gone she was up and before the second she took that, and now she is I think, cured, or nearly so. She attends to her daily labor, and I hear no complaint from her.

R. L. JEFFERSON.

Consumptive Patients!—Will please read the following note from the Harrison Gazette.—The undersigned has the honor to read the following note from Rev. Mr. Coldron, whose character for truth and veracity is above suspicion, and have their doubts dispelled as to the superiority of Wistar's Balsam of Wild Cherry, over all other remedies now before the public of the same character.

Corydon, Ind., Jan. 28, 1848.

It is no less a duty than a pleasure to state, for the benefit of the afflicted, that I consider Wistar's Balsam of Wild Cherry, a great blessing to the human race. Having tried it in a case of severe inflammation of the lungs, I unhesitatingly recommend it to those similarly afflicted, as the best remedy I have ever tried, and one which cured me when Physicians said I must die, and when I thought myself that my time to depart was near at hand.

WM. COLDRON.

CAUTION TO ALL.—The genuine Wistar's Balsam is sold only in a fine white tied engraved wrapper, with the names of Henry Wistar, M. D. and Sanford & Park thereon. Without both these signatures, it is positively counterfeit. Do not touch it.

Orders for the true medicine may be addressed to H. BLAKESLEY & Co., south-west corner Third and Chestnut streets, St. Louis. It is sold also by N. & A. JOHNSON, Brunswick.

MALONE & GARTH, Huntsville.

October 26, 1848.

It always cures—Dr. Osgood's Indian Chagogue.—How astonishing is it—the suffering invalid will use palliative only, with a view to restoration of health, while lingering out weeks and even months, with that distressing, loathsome disease, Fever and Ague, when by the use of a single bottle of the Chagogue, not only the disease itself, but the cause which produced it, is completely eradicated. It is sold by Dr. Henderson, Glasgow; N. & A. Johnson, Brunswick.
